

Press Release

16 March 2021

### **CENTURION STRENGTHENS ITS RELATIONSHIP WITH SODEXO**

Leading logistics provider Centurion has been awarded a three-year contract, plus options, by Sodexo, to expand its logistics support services from 32 sites to 43 sites throughout the Goldfields, Mid-West & Pilbara regions.

Centurion already supplies a large number of mine site camps managed by Sodexo, including perishable and non-perishable products. A similar service will also be deployed to the 11 additional sites awarded by Sodexo to Centurion.

Services on the existing routes will continue unaffected. Services to the new sites will commence in February 2021 and will require additional Australian-built refrigerated trailers to be procured and deployed ahead of the start date.

Centurion's fleet of refrigerated trailers in service to retail and resources industries, servicing the North West and North East regions, is currently over 220 assets, offering unparalleled coverage across regional and remote sites across the West Coast of Australia.

Centurion CEO Justin Cardaci said Centurion and Sodexo have been strategic partners for more than six years.

"The contract extension and expansion strengthens the relationship between Centurion and Sodexo and builds a solid platform for further growth across Australia, and in particular the East Coast," Mr Cardaci said.

#### **About Centurion**

Centurion is one of Australia's largest independently owned and operated Transport and Logistics Companies. Operating across Australia, we have significant mobile, land and infrastructure assets nationwide, including 16 distribution centres and a fleet of more than 2,000 vehicle assets. We employ more than 900 people.

Centurion provides essential goods to a number of industries and regions including Western Australia, Northern Territory and Queensland. We offer a broad range of logistics services including; full end-to-end solutions, lead logistics and off-site receipting for the energy and resource sectors. We also offer general freight, warehousing, refrigerated services, retail distribution, logistics

support, over-dimensional transport, bulk transport, fuel transport, heavy haulage, specialised projects and time critical services.
